MINUTES OF THE 8th MEETING OF THE STANDING COMMITTEE OF THE COUNCIL OF NITs HELD ON 20.04.2017 (THURSDAY) AT CONFERENCE HALL, MINISTRY OF HRD, SHASTRI BHAWAN, NEW DELHI

The 8th meeting of the Standing Committee of the Council of NITs was held under the Chairpersonship of Prof. (Mrs.) Geetha Bali, Chairperson, Standing Committee of the Council of NITSER at 12.00 Noon on 20th April, 2017 in the Conference Hall of the Ministry of Human Resource Development, Shastri Bhawan, New Delhi. A list of participants is placed at Annexure.

2. Secretary, Department of Higher Education, Ministry of HRD welcomed the Members of the Committee and Directors of NITs. Secretary (HE) said that he has been engaging with the Directors and the Chairpersons of NITs to understand and gauge the opportunities and potentials of the NIT system. This has brought forward some of the problem areas, which NITs have been facing and removal of the same will facilitate NITs to scale newer heights. The NITs, which are Institutions of considerable repute in our country, have all ingredients and wherewithal to catapult some of these NITs to the world stage as pre-eminent Institutions. Director of NITs may envision, plan and strive to achieve these objectives.

He cited the example of ‘Institutions of Eminence’, a scheme of MHRD, which will propel chosen Institutions for improving their standing globally. Secretary (HE) said that invariably finances assume greater role and importance while planning to achieve some of these goals. He mentioned that while these ambitions are to be fulfilled, the Government of India may not be in a position to fund them entirely; therefore, NITs should plan and generate finances employing innovative ideas which facilitate exploitation of existing resources in a better fashion and creating new avenues of financing. He also laid stress on simultaneous reduction in infructuous expenditure and reducing the cost of operations, may be through outsourcing some of the activities.
3. Secretary (HE) apprised the Directors of NITs that Ministry has set up Higher Education Financing Agency (HEFA) which will facilitate loans to NITs to fund their capital requirement. This will be in addition to normal funding by the Ministry. He further stated that the interest component on such loans will be financed by the Ministry. However, the principal amount shall have to be paid by the individual Institutions. Secretary (HE) requested NIT Bureau to provide information to all the NITs regarding HEFA.

4. Secretary (HE) also observed that in an NIT, there is a considerable dependence on the Director of the Institution which affects the functioning of NITs in absence of the Director. He advised that the devolution of power is a must in NITs to make the governance broad based. A step in this direction may be to create a post of the Deputy Director, who may fill the void created by the absence of the Director for short or long duration. NIT Bureau apprised Secretary (HE) that necessary modifications in the Statutes are under process for the same.

5. The Chairperson of the Standing Committee, Prof. (Mrs.) Geetha Bali also welcomed the members of the Standing Committee. She said that over a period of time, substantial progress has been made by the Standing Committee in terms of bringing out the recommendations in many areas. However, she expressed her concern regarding non-submission of reports by Research Pathway Committee and Choice Based Credit System (CBCS) Committee. She requested the Ministry to send reminders letters to the Chairpersons of the above-mentioned Committees.

6. Thereafter, with the permission of the Chairperson, Joint Secretary (NITs), Department of Higher Education, Ministry of HRD took up the individual agenda items one by one: -

They also intimated that in general there is reduction of 20 to 30% in overall revenue generation from tuition fees of UG students. The matter was deliberated upon and it was decided that corrective steps need to be taken for rationalization of
the fee which will include the reconsideration of the waivers provided to various categories of students.

It may also call for upward revision of the existing fees. It was also discussed that the tuition fees of UG students of NITs should be brought at par with that of the students of IITs. It was decided to bring the matter before the Council of NITSER.
